

Land of No Goodbyes

Words and music by David Browder, Matthew Browder

v.1

We've been blessed with friends and loved ones on this journey
It's sad when we have to say goodbye
There is a place where the saved will live one day
In that land of rest far beyond the skies

Chorus

Goodbyes won't be spoken, no hearts will be broken
Not a tear to dim our eyes over loved ones who have died
We'll be together with family and friends
We'll never have to part again
When we reach that land of no goodbyes

v.2

There's been weeping at the graveside of precious loved ones
It's broke our heart when we've said goodbye
Oh, but joy will come that day just inside Heaven's gates
In that land where the soul will never die

Repeat chorus 2x
