

Dream

Words and music by Matthew Browder

v.1

God can go beyond our imagination
Leaving us amazed
You see, there is no magic potion
It just takes a little faith
No need to wish upon a star
Keep trusting in God's Word with all your heart

Chorus

Dream, dream
Dream big, never stop dreaming, never stop believing
In God's capabilities
Dream, dream
Dream big, never stop dreaming, never stop your reaching
For impossibilities
Skies are the limit if God is in it

v.2

We're called to go the road of the visionary
Like heroes of the faith
So launch outside the ordinary
Come join this parade
As long as there is breath there's still hope
It's not in who you are, it's Who you know

Chorus

Bridge

You gotta believe it before you can see it
When God conceives it then you can be it
Chorus
