

Praise You in This Valley

Words and music by Matthew Browder

v.1

The pain has been great
I've cried a river of tears
This trial has tried my faith
Through my doubts and my fears
But I will stand on your Word
That's proven to be true
There's a light at the end of the tunnel
You will see me through

Chorus

And I will praise you in this valley
Though it seems you're far away
And the clouds are hanging over my head today
It seems not long ago
I was on the mountain peak
I will praise you that even more, Lord
You know what's best for me

v.2

I know you have a plan
Right now it's hard to see
In the palm of your hand
You are molding me
Though my heart has been broken
And I don't understand
In all things I'll just give you thanks
I'll lift up my hands.

Repeat chorus 2x
